October is **National Physical Therapy Month** — a time to recognize and celebrate the physical therapy profession, spotlight the many benefits of physical therapy, and highlight the impact that physical therapists and physical therapist assistants have in improving the health of society. One of the most important roles we have as PTs is serving our community.

As part of this celebration, we invite you to participate in the **Global PT Day of Service** (PTDOS) — a worldwide initiative where physical therapists, students, and assistants collaborate to make a positive impact in their local communities. Since its start in

2015, PTDOS has united over 23,000 volunteers from nearly 85 countries and all 50 U.S. states.

To mark our commitment to service, we've arranged multiple events around the state on PTDOS. Click the link above to register and find an event near you!
